CARRY ME (by Calling Glory)
(c)2015 Soncured Records
(intro)
Cadd9 - G - Em7 - D (2x)
(verse 1)
Cadd9
              G
    My heart is heavy
Em7
    My hands are weak
Cadd9
                               Em7
  From trying to hold to something I can never keep
Cadd9
              G
   I may be frail
Em7
   I know I'm worn
Cadd9
                                    Em7
   But through Your love, I know, will keep me in the storm
(chorus)
               Cadd9
And even when I can't answer why
    Em7
                      D
                                      Cadd9
All I know is that You're here inside of me
    G
              Em7 D
Carry me, carry me
               Cadd9
                           G
And even when I don't understand
    Em7
                                   Cadd9
All I know is that I'm right here in Your hands
    G
Carry me, carry me
(verse 2)
And through the struggle
Will my faith last?
I know You have a plan that's greater than the past
And even though it's hard
Yet, I know You're good
You comfort in the fire
Just like You said You would
```
