

# **COLD WATER** (by Tanner Clark)

(c)2015 Soncured Records

(verse 1)

So baptize me down in the cold water  
Wash me clean, make me a better man  
When I rise, You never ever let me falter  
So take me down, down in the cold water

(verse 2)

When I was lost, when I was broken  
I could not see the light of day  
But, oh I found You when I heard that choir sing  
Then I knew amazing grace was on its way

(chorus)

So wash me clean of everything I used to be  
Set me free, I want to live for You  
All my days I want to sing Your praise  
Baptize me down in the cold water

(verse 3)

Ever since that day when You turned me away  
From my destruction and from my pain  
I've been renewed with only one thing left to do  
I gotta' find my way over to that river soon

(bridge)

So let the water rush over me  
I was blind, but now I see  
You did what I couldn't do on my own
